

Market Bucks Spending Log

AT YOUR LOCAL
FARMERS MARKET

Keep track of the Market Bucks you earn for completing activities! When you complete an activity and receive Market Bucks, write the amount in the “Deposit (money earned)” column. When you spend your Market Bucks, write the amount in the “Withdrawal (money out)” column. Write a word or short description in the “Description” column so you know what you spent the money on (as well as when, by using the “Date” column).

Be sure to add or subtract the total you deposit or spend to the “Total” column, so that you always know how many Market Bucks you have. Save up your earned Market Bucks to buy a larger or more expensive market purchase, or spend as you go to cook healthy recipes for your family all summer long!
